New Book Alert!

***Girl Warrior. On Coming of Age* by Joy Harjo**

Informed by her own experiences and those of her ancestors, Harjo offers inspiration and insight for navigating the many challenges of maturation. She grapples with parents, friendships, love, and loss. She guides young readers toward painting, poetry, and music as powerful tools for developing their own ethical sensibility. As Harjo demonstrates, the act of making is an essential part of who we are, a means of inviting the past into the present and a critical tool young women can use to shape a more just future. Lyrical and compassionate, Harjo's call for creativity and empathy is an urgent and necessary work.

Give Thanks, Give Back: Food for Fines Program!

This November, as we embrace the spirit of gratitude and giving, the Ignacio Community Library is excited to launch our "Food for Fines" program! We understand that sometimes library fines for lost or damaged items can be a barrier, and we want to help. In exchange for your generous donations of non-perishable food items, we'll waive eligible fines from your account.

This is a beautiful opportunity to help local families who could use a little extra support this holiday season, while also getting a fresh start with your library account.

We're looking for specific items to ensure they're safe and easy to distribute:

- Pop-top canned goods (no can opener needed!)
- Non-perishable kid-friendly snacks
- Everyday kitchen staples (e.g., pasta, rice, cereal)
- Please double-check expiration dates – fresh donations only, please!

To participate, simply bring your donations to our front desk. Our staff will gratefully accept your items, verify your contributions, and update your library account on the spot. Let's come together to make a difference in our community this Thanksgiving!

Air Quality Flag Program

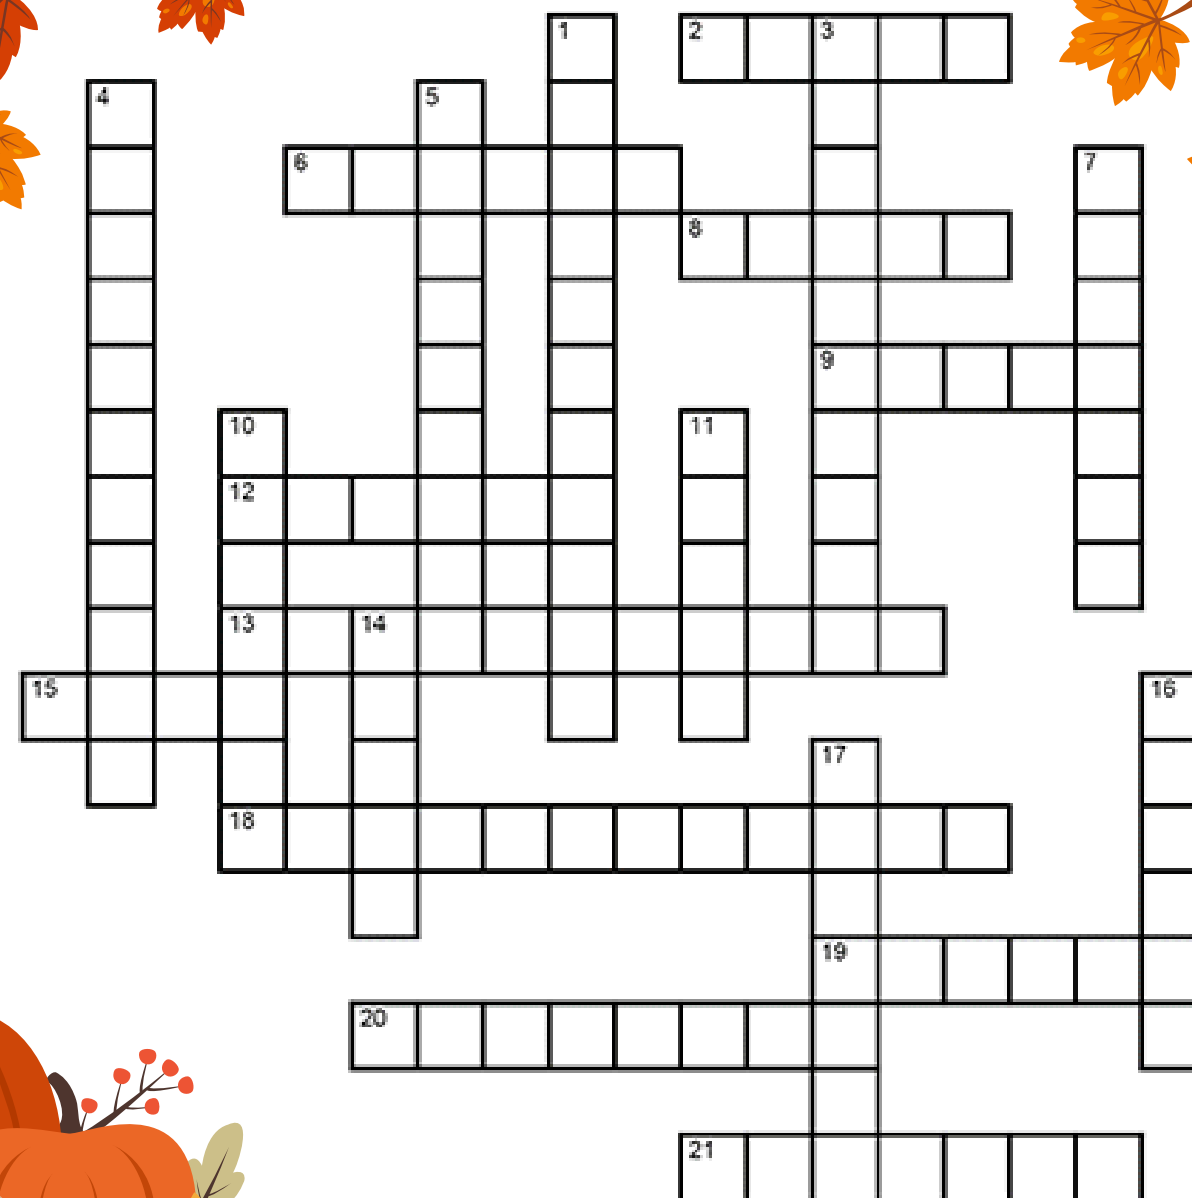

We've officially joined the Air Quality Flag program! Each day, we'll proudly display a flag that reflects the air quality level, using colors from the EPA's Air Quality Index—green, yellow, orange, red, or purple. When the air quality isn't ideal, we'll adjust our physical activities to keep everyone informed and safe while still encouraging you to stay active. **Learn more at airnow.gov/flag**
